Local Regulations, and Playing Rules**

**Rules are the Official Little League Baseball Rules superseded by the following special rules:**

**SECTION 1- DRAFT METHOD:**

A) **Step 1-** Each coach will draw a numbered card at random. (Numbers will reflect the total number of teams in the League)

**Step 2-** Coaches will be placed in “ascending order” by the numbered card that they picked in Step 1. (Example 1-2-3-4-5 etc.)

**Step 3-** Coaches will then take turns, by round (corresponding with the number of teams in the division), drawing a random color from a hat. (Number 1 picks color for the first round; number 2 picks color for the second round, etc.)

**Step 4-** Once a color has been chosen, the corresponding list of players is distributed\*. The coach who drew that color gets the first pick from that list. Draft picks will continue using the “weave” method shown on **Chart A**.

**\*Players are arranged in groups equivalent to the number of teams in the division by the League Evaluation Committee, 2 groups of pitchers, one group of catchers, the other groups being the next highest ranked players according to their score in the player assessments and/or prior year coach’s assessments.**

**SECTION 2- DRAFT METHOD CHART:**
